●POLYCHROMA. This beautiful, rare plant is fast coming to the front, wherever it can be admired. Its unusual combination of flowers and foliage and afterwards its beautifully colored seed does not escape anyone's temptation. It makes a beautiful, formal plant growing about 1 foot high, forming a hemispherical clump covered with lemon-yellow, rose-shaped flowers in May and June. When the flowering period is over, little clusters of pea-shaped seed, coloring to a bright red, are formed at the top of each stem, making a beautiful contrast with the light green-colored foliage. ## SOME SPECIALTIES FOR FORCING

<b>AZALEA MOLLIS (Chinese Azalea)</b>		
Nice, small budded plants, for 5-6 inch pots, 5 buds and up.....	3.00	25.00

**SPIREA (Astilbe)**

There has been a good deal of trouble with two-year-old clumps of Spiraea, which generally sell at \$25.00 to \$30.00 per 100. Some did not flower or they were hard to sell because of the price and they are nearly impossible to grow in this country. In fact there are only a few growers left, if any, and good Spiraea's are actually scarce. We have thought of a better plan. We can grow perfect Spiraea in one year, close together under irrigation, and we can sell these one-year-old plants (no clumps), for less than half the price than the two-year clumps and do better all around. The florist will do better, too, for he can afford to sell them at much less to a larger number of his customers and they take up less room in his greenhouse. We offer the following one-year-old plants, for a 4-5 inch pot:

<b>SPIRAEA AVALANCHE.</b> White. ....	1.25	10.00
" <b>BREMEN.</b> (New). Dark salmon carmine. ....	1.75	15.00
" <b>FILIPENDULA.</b> White Dropwort; heavy clumps. ....	1.75	15.00
" <b>KOLN.</b> (New). Dark, carmine-red. ....	1.75	15.00
" <b>KRIEMHILDE.</b> Salmon. ....	1.25	10.00
" <b>MOWE.</b> Beautiful carmine-red (new). ....	1.75	15.00
" <b>PEACH BLOSSOM.</b> Light pink. ....	1.25	10.00
" <b>PHILADELPHIA.</b> Violet pink. ....	1.25	10.00
" <b>QUEEN ALEXANDRIA.</b> Deep pink. ....	1.25	10.00
" <b>WHITE GLORIA</b> (new). Pure white. ....	1.75	15.00

In a general collection Bremen, Koln, Mowe and White Gloria may be ordered at the low price of \$10.00 per 100, but not more than 10 percent of the total order of any of these varieties. If you have good facilities for growing your own Spiraea clumps, it is well to buy the above plants for your planting stock for shipment and planting in September. They will make much better plants than divisions, you will see.
